

Out With In

Dark forces without
Dark forces within

Light forces without
Light forces within

What is without
and what is within?

Kurukshetra is all

The demiurge to weaken and corrupt
The counter urge to strengthen and purify

To the dark ineluctable
some say
Get thee behind me

Others don't say
I project you
onto them

Too often we say
I'm with you

One said
Threaten to burn them
with your thought

I say
fully face them
and simply utter

You are dark forces

Then they can only
run away
